A Stop Work Order will be issued for the project if any contractor is found not to have an appropriate license. No inspections will be performed until proof of license is provided to the Building Department.

INSPECTIONS REQUIRED

24-hour notification is required to schedule any inspection. Any contractor found not to have called for proper inspections may be required to remove building materials that hinder the Building Department from doing any inspection. This will be at the contractor's expense. Work shall not be scheduled to occur after hours, weekends or holidays. See the building permit card for a listing of required inspections. Call for utility locates prior to digging.
